AUTO E MOTO D'EPOCA 2020: WHAT TO EXPECT

Curiosity is growing for one of the most highly-anticipated editions of Padua Fair, after Europe was put on hold due to the pandemic. Many workers and enthusiasts are looking to Padua for the relaunch of the industry.

The 2020 edition of Auto e Moto d'Epoca in Padua will centre around **optimism and safety**, two key elements of the post-COVID 19 relaunch.

The Fair is putting together **the necessary precautions** so the event can take place safely. The whole world of Classic cars - dealers, restorers, clubs, specialists and tens of thousands of enthusiasts - is eagerly awaiting the opportunity to meet after what has been almost a year-long break.

The **great market of historic cars** has already been confirmed: it is one of the most important international events on the calendar which attracts purchasers from all over the world. This year, even more European dealers may join after the events in Frankfurt and Essen were cancelled.

Those who are really looking forward to meeting up with their **community** are also the Clubs and Historic Chapters, artisans specialised in tailoring and refurbishing cars, and spare parts experts.

Auto e Moto d'Epoca 2020 will therefore be a truly **special opportunity** for all Classic car lovers: a unique opportunity for collectors, enthusiasts and traders to make up for the time lost and to start enjoying their passion for vintage cars again.
